The Foreword

The Epitome Staff of 1926, with the fine co-operation of the student body and faculty, has endeavored to paint a true picture of the school life for the past year. We submit to you our finished task.

2017003

*DEDICATION*

To Mr. Forrest E. Horn, our principal and sponsor, we respectfully
dedicate this volume of the Epitome

An Appreciation

We, as students, wish to take this space to show our appreciation to the patrons of our school for giving to us such a fine school building and equipment with which to work. We are beginning to realize that we do not appreciate our opportunities as much as we should. The new building enables us to hold our meetings and entertainments which we could not do otherwise. We take this opportunity to thank you.

Administration

∞∞

The school board has proved very efficient this year in the selection of the faculty, and numerous added facilities which have made the school larger and better in every way.

Mr. Teetor, the president of the board, has shown his executive ability by shaping the policy of the school in a fine manner.

Mr. Varnuff, the secretary and trustee, and Mr. Lester, the treasurer, have aided in every way possible.

Miss Ramsey has been very useful to the school in general in the capacity of clerk.

Beginning and the end, first following last,
Twilight and dawn fast pressing on the night,
Such is each day that slips in silence by
If lost in idle waste, or glorified.
At even comes the reckoning. A time
When we look back and say of hours spent,
“This have we done! here conquered!” or “here failed,
Not so again,” and then are lost in sleep.
Meetings and partings punctuate the time.
“Hail” and “Farewell” we say; come and are gone.

Obituary of Class of '26

ooooo

The senior class of H. H. S. entered upon this life September 7, 1923, and passed away in a sudden and unexpected manner April 27, 1926, aged 4 years.

Through her childhood she was highly commended by all who knew her. Of her it could be said, "To virtue she owes every triumph that she knew." She went into the fight valiantly and there stood on honorable terms. The first year of her life was one of great success.

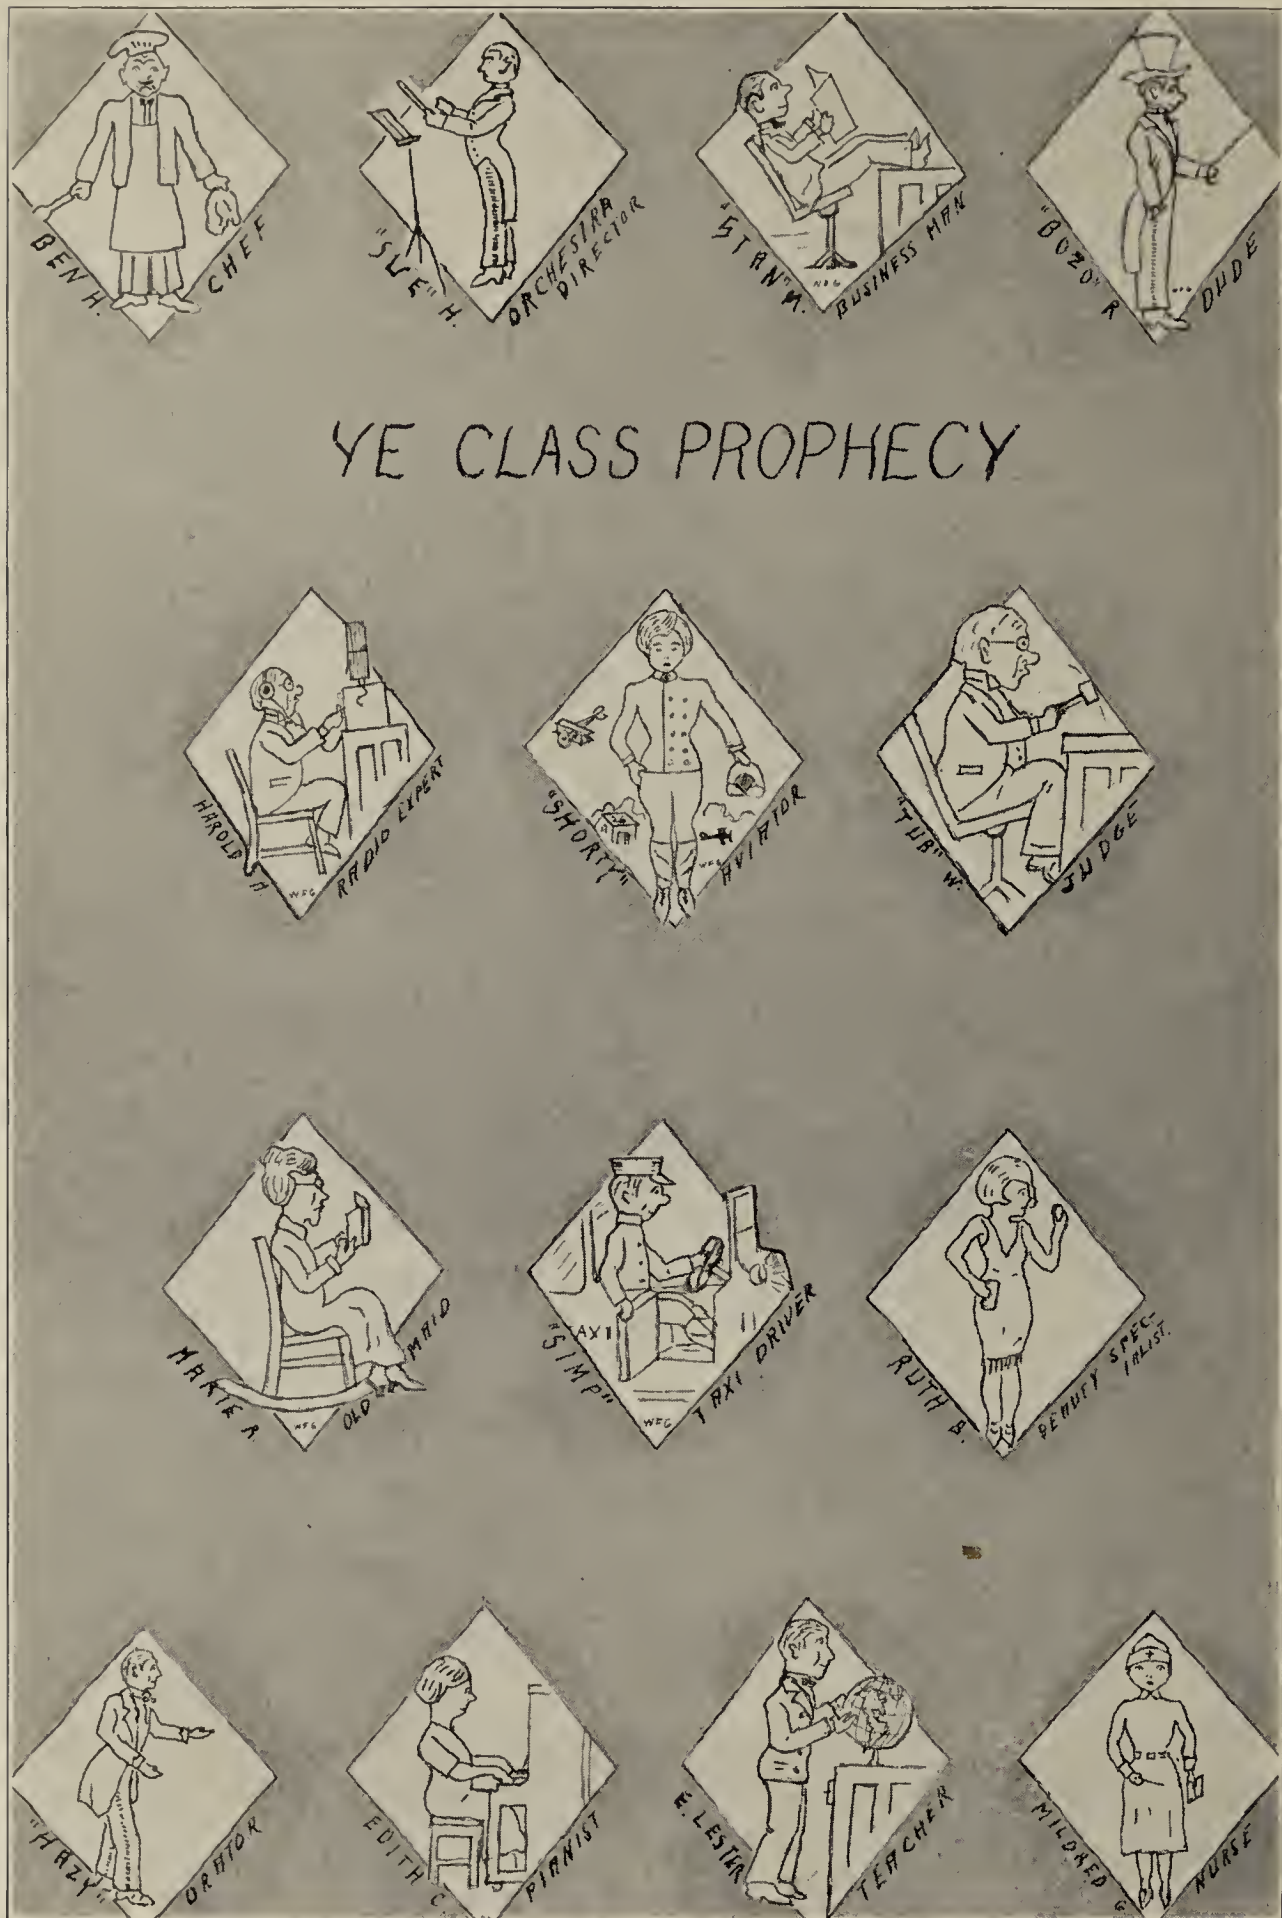

As the second year came she took on new responsibilities and new activities, always doing what was asked of her. She passed without a quiver through the ordeals of a sophomore life, coming out from under that burden with a new courage and a new zest in her high school life.

In the third year of her life she gave a wonderful play entitled, "The Charm School." At the end of the year came the time when she was to give a reception. Those who attended thought that it was the most wonderful reception ever given.

When she was grown, she took on the ways of an adult and conducted herself in a seemly manner. She indulged in all athletics, winning or losing as fate decreed. She took part in all mental contests, debates, and orations, giving to the school the best that was in her. On April eighth and ninth, she put on a clever class play called "When a Feller Needs a Friend." She was assisted by Mr. Lineback, of Greenfield.

She showed her religious spirit in every connection, where opportunity was given for her services in Girl Reserves or in Hi-Y.

Death came suddenly without any signs of weakness or illness. She leaves to mourn her loss a loving faculty and three younger sisters, Freshman, Sophomore and Junior, all living in Hagerstown High School. Funeral services will be conducted in the High School Auditorium, April 27, 1926, at 8:00 P. M., William P. Deering, President of Oakland City College, officiating.

THE PERFECT SENIOR

Tall and slender, studious and polite,
Fascinating, modest, agile, and bright,
Knows his stuff, all of the time,
So awfully smart, never behind,
Teacher's pet, I should say.
Struts this privilege, all the day.
Does he study?—not at all,
Just slips thru' and that is all.
Grown up? Yes, quite a bit,
Humorous, ever a hit.
A true sport,
Popular, very much so.
Attends everything, always on the go.
Flatters the teachers, helps them along.
Learns by heart, the good old high school song.
Everything, he takes up,
Once in a while, he wins a cup.
Pep and ginger, he never rests,
And his English, is the best.
This description, I should say,
Is a perfect Senior, of today.

Under Classmen

Class of 1927

We, the Class of 1927, entered Hagerstown High School in the fall of 1923 with an enrollment of forty-eight. We considered ourselves very fortunate to be the first Freshman class to enter the new high school building.

In September, 1924, we came back to school more eager to learn and also to have a good time. Our enrollment that year was thirty-one.

During the year we had some parties and also gave a penny supper, which was a success.

On September 7, 1925, we again came back to school, this time as Juniors. At the first of the year we elected the following officers: Blair Harter, president; Julia Doughty, vice-president; Helen Copeland, secretary and treasurer, and Mr. Miller, class sponsor.

This year our enrollment was only twenty-four, some having moved away and others having left for various reasons.

December 9 and 10 we gave our class play, "The Rensselaer-Gibson Party," and January 12, a supper. We also received a banner for being a hundred per cent class in the Epitome sale.

Even though they look forward to vacation a great deal, the Class of '28 are always glad to meet again and have their three parties along with the hard work.

The three parties that were held were all largely attended, for the simple reason that there was plenty of refreshments and scarcely any dishwashing.

They also sponsored a supper the night of the second lyceum number, and were quite successful in their efforts.

The Sophomore class is the largest in the school and, since there is power in numbers, it is actually believed that the upper classmen try to follow their example and steal all of their good-looking girls.

However, all are looking forward with eagerness to the coming vacation and will come back again next year resolved to work harder than ever.

We, the Class of 1929, entered H. H. S. with forty-six members. The first week of school we met and elected officers as follows: President, Lester Stohlet; vice-president, Ruth Covalt; secretary, Margaret Foulke; treasurer, Howard Doddridge; Widespread editor, Eugene Reynolds; Epitome editor, Mary Foutz, and sponsor, Mr. Dorsett.

Our social life consisted of two parties and a picnic. Three of our members, Maurice Bookout, Eugene Reynolds and Lester Stohler, played on the second basketball team. Lester Stohler played forward on the Wonder Five, which defeated the Morton Reserves, 17-16, on Trueblood field.

Many of our boys entered the Hi-Y and several girls were taken into the Girls' Reserve.

The Eighth grade has had one of the best classes of the year, and is planning to be one of the best Freshman classes in the school history.

Two pupils, Ralph Dale and Josephine Davis, moved, but to make up this loss a new member, Ellen Brubaker, was enrolled.

The class at present numbers thirty-three.

The pupils are as follows:

Martha Ellen Short, president; Woodrow Ulrich, vice-president; Anna Belle Harris, secretary and treasurer; Voyle Allen, Epitome editor; Mable Wadman, Widespread editor; Mildred Furnish, William Hormel, Dorothy Hogue, Dolores Gray, Rudolph Kutter, Earl Baney, Harold Murray, Mildred Burroughs, Clarence Needler, Ellen Brubaker, Louva Riggs, Gordon Davis, James Rhodus, Doris Davison, Russell Roth, Gertrude Davenport, Carl Seffrin, Paul Ellis, Paul Simpson, Dorothy Runyan, Gene Worl, Ruth Steward, Nellie Stewart, Ola May Talbert, Winifred Tector, Dorothy Thomas, Kenneth Williams and Frank Woolard.

The Seventh grade of 1925-26 had several parties during the term; a Christmas party, when names were drawn and presents given; a Valentine party and a wiener roast.

On November twenty-second the students gave an interesting chapel program. The class has had a good representation on the honor roll each month, so it has been working very well.

The class was composed of Emma Allread, Berneice Baldwin, Doris Burkett, Dorothy Cox, Mable Curts, Charlene Daugherty, Ermadene Daugherty, Janavieve Davis, Willeta Davis, Inez Dumford, Lucille Favorite, Bessie Hardwick, Betty Jane Hartley, Elizabeth Smith, Edith Hogue, Marion Marginske, Clementine McConnaughey, Maxine Mitchell, Priscilla Parsons, Caroline Pierce, Lelia Phenis, Josephine Powell, Katharine Powell, Reba Rhinehart, Alma Stamm, Dorothy Stamm, Edith Waltz, Dorothy White, Mary White, Helen Yoke, Pauline Yoke, Bruce Abbott, Joseph Bales, Ralph Bruce, Hubert Burelison, LeRoy Burelison, Emmett Crull, Eugene Culy, Everett Davison, Eldon Davis, Kenneth Ellis, Woodrow Kutter, Kermit LaVelle, Emmett Pegg, Willard Phenis, Richard Pierce, Glenn Retherford, Kenneth Rhinehart, Howard Rhoades, Charles Smith, George Smith, Lloyd Stomm and Harold Talbert.

The Under Classmen

The Under Classmen are splendid,
A thing we can't deny.
They're working up a ladder,
To a goal they've set on high.

Dear people of Hagerstown, surely it would pay,
If you would take notice of the Under Classmen today.
For really they are doing fine,
Marching right along the line.

They've got the pep and ginger,
That it takes to get along.
And they certainly have the spirit
Of which they sing in our high school song.

They have some dandy fellows,
For our future basketball team,
Who look as if they possessed
Sufficient pep and steam.

Talk about the Senior High,
With their proud superior way.
The Under Classmen are just as good,
On any ol' day.

They're going to take our places,
In the future drawing nigh,
And they'll raise our school to honor
Before their high school days pass by.

Athletics

When school started in the fall of 1925 prospects for a winning team to represent H. H. S. were pretty slim. However, under the expert guidance of Coach Dorsett the team has rounded out in fine shape.

The season opened with a defeat at the hands of Connersville's fast-going Spartans and ended with an 85-16 win over Greensfork. Of the games on the regular schedule H. H. S. won 10 and lost 8. This is a good record considering the many handicaps which Coach Dorsett has had to combat. The loss of four regulars was felt very heavily at the beginning of the year. New men were soon developed, but at mid-year Eugene Brown embarked on the sea of matrimony and "Gus" Brown quit school. This double loss was indeed great, but two more men were produced to fill their shoes.

Whitewater eliminated H. H. S. in the Invitational Tourney due to the fact that two of the regulars were ill at the time.

The Tigers showed up at the district tourney by defeating Boston, 49-12, and Centerville, 33-27. Morton eliminated Hagerstown in the semi-finals, 31-23.

Hagerstown High School is sorry to lose five of its players—Hardwick, Holdaway, D. Martin, C. Reynolds and Murray—but it feels confident that H. H. S. will see another successful season in 1926-27.

Kittens

The season of 1925-26 has indeed been a successful one for the Tiger Reserves. At the beginning of the year a number of good men turned out for the team and hard work started immediately.

Of the seventeen games on the schedule, H. H. S. won thirteen and lost four. This is an exceptionally good record, as the team has registered wins over Connersville, Richmond, Centerville, Cambridge, Liberty and Straughn's first team.

The Kittens participated in the Rushville Invitational Second Team Tournament. Although they fell to Muncie, 32-18, in their first game, they deserve great credit for such a creditable showing.

The team, consisting of Stohler, Foulke, Mitchell, Stewart and Scott, has the honor of being the first team representing H. H. S. to defeat a Morton team. The score was 17-16.

All of the men except Scott will be in school another year and will surely develop into some very good players.

Physical training for girls has been just what the name implies. The Junior and Senior High classes have had a program of training by gymnastics, calisthenics and health education and in addition have had team games. Health has been used as the basis of physical training activities and the Senior High girls have used a series of health rules to guide them in their everyday living. Junior High classes were fortunate in being able to use a set of Victrola records, which the school board purchased during the last semester. These records were used in drills, marching and folk dances. Punch ball and indoor baseball were the favorite sports of the Junior High, while the Senior High played volley ball, hockey, basketball and did track and field work in the spring. Several of the girls earned and were awarded health and physical training awards at the end of the year.

Organizations

2017003

At the first of September we started on our third year of the club with sixteen members. We now have a membership of between thirty-five and forty boys.

On Sunday, November 8, 1925, we held in the high school auditorium the first public Hi-Y induction ceremony ever held in Hagerstown, at which we initiated twelve new members.

Thursday, November 12, we held our annual Father-Son Banquet, at which about one hundred and fifty fathers and sons were present.

During the rest of the year we have done many good things for the benefit of the school and the community.

We held a second induction ceremony in chapel later in the year.

We had twelve boys and two adult leaders present at the older boys' conference at Anderson.

We feel that our great success this year was largely due to the untiring efforts of our leaders, Mr. Horn and Mr. Dorsett, and several other members of the splendid faculty.

The officers were: Harry Walker, president; Gene Stonecipher, vice-president, and Victor Scott, secretary and treasurer.

We are striving to become a standard Hi-Y Club, which is the highest step that can be taken in this work. It is our hope that the club will continue to be a permanent organization of the school.

Girl Reserves

Local Purpose: "To give each girl an opportunity to develop spiritually, mentally and physically and to boost all worth while school and community activities."

The Girl Reserve Club, which was organized the last semester of the school year of 1924-25, began work in earnest this year. With the aid of our able sponsor, Miss Sharp, and our efficient officers: Augusta White, president; Helen Copeland, vice-president; Julia Doughty, secretary, and Carolyn Geisler, treasurer, we feel that we have accomplished much as a beginning club. We have worked so hard and so faithfully that we will soon be a registered club.

The Girl Reserves enjoyed many good things this year. Among these were the conference at Anderson, the vocational conference and the Mother-Daughter Banquet.

We were always represented at basketball games and all worth while school and community activities.

May the club of next year grow and prosper even more than we did this year, is our sincere wish as Girl Reserves.

One of the interesting things that happened this year was the recognizing of the Spanish Club. It was suggested by Miss Rarick, the teacher in the Spanish department, and was heartily taken up by the students.

Early in the season a group of students, with Miss Rarick, revised the constitution, which was adopted at the first meeting in September. At this meeting the following officers were elected: Stanley Murray, president; Thelma White, vice-president; Gene Stonecipher, secretary and treasurer; Hazel Chamness, Widespread Editor, and Robert Bland, Epitome Editor.

The purpose of the Spanish Club is to create interest in the Spanish language, customs, people, and also to improve the students' ability in speaking the language.

At one of the first meetings it was decided to call the Spanish Club "El Circulo Castellano," meaning the Spanish Circle.

The success of the Spanish Club has been due to the assistance of Miss Rarick. It is hoped that "El Circulo Castellano" will be a permanent feature of the school.

The music department is one of the loudest, if not the liveliest, departments in school.

The number of members in the Glee Club was very much limited because of conflicting studies. The enrollment consisted of twenty-seven girls and twenty-one boys. They made their first appearance in a Christmas entertainment on December 22. In the spring they also gave a most pleasing concert.

The high school this year can brag of the largest orchestra in the history of the school, which shows an enrollment of twenty-six. The first time the orchestra met it was a very "squeaky" affair owing to the fact that there were twenty-one of its members that had never played together. The praise must be given to Miss Neff, the director, for she had to have a great amount of patience in order to get them out of the "kinks." They made their first appearance in chapel on November 6. Their first public appearance was at Farmers' Institute on December 16.

Art Department

The Art class, which is now in the third year of its existence, has been steadily growing in numbers and popularity.

The work of the students during the past semester has been with much earnestness and study and the result has been very praiseworthy. The work consists of pictures and sketches in oil, water colors, crayon and pencil, both from nature and from studies selected for the purpose of illustrating principles of art or methods of technique.

The academic phase of the work consists of color theory, principles of design, lettering, perspective and art appreciation.

The handicrafts phase consists of applied design, such as block printing, stenciling, enameling, tie and dye work, batik, polychrome and gesso; structural design, such as basketry, clay and bookbinding.

It is the aim of this department to give every advantage possible to that large class of students who desire to study art without a large outlay of expense, and yet to be able to understand and apply art principles in their work.

Commercial Department

Because of the great demand in the business world today for stenographers, typists and bookkeepers or young men and women with a good high school education and a general knowledge of business, the Commercial Department of Hagerstown High School is filling a real need.

The commercial course as given in this department has two main objects:

1. To prepare pupils who enter business directly on leaving school.
2. To prepare pupils who intend to enter institutions of higher learning for further training in business or for the teaching profession.

Educators have been forced to realize that everyone needs a knowledge of the simple every-day business principles. The colleges and universities are recognizing now the cultural and practical value of a business training by introducing business education into their curricula. As a result the colleges have had larger enrollments than ever before, with a very large increase in the departments of business administration.

Home Economics

The second year of Vocational Home Economics has proven more popular than the first, as shown by the enrollment in this course. There are forty-eight girls enrolled in the regular four-year course, and thirty-three finish up the members of the Girls' 4-H Club.

4-H Club work was a new feature of school life last year. Exhibits were entered in the state and county fairs. Marcella Pierce, a member of the home-keeping club, sent an exhibit to Purdue which won first prize. This entitled her to a free educational trip as well as a four-year scholarship to Purdue University. Besides these exhibits there was a local exhibit. The club camp was well attended by 4-H members from Hagerstown.

The vocational girls also presented a fashion show during the Farmers' Institute.

Vocational Home Economics courses offered this year were foods and cookery and clothing from the freshmen and advanced clothing and home nursing for sophomores.

Agriculture Department

The Vocational Agricultural class started the school year of 1925-26 with an enrollment of thirty-eight, which was an increase of nearly fifty per cent over last year, making it one of the largest departments in the state.

Since the courses offered alternate each year, the lines of work this year consisted of botany and animal husbandry for the morning section and farm shop and soils and crops for the afternoon section.

In the matter of amount of work done, quality of work, grade of books used, and interest displayed by the students, Hagerstown stands second to no school in Indiana or elsewhere so far as it is known.

The department has been well represented in state and national events, including the Purdue Club Round-Up, County Club, State Fair, Corn Show, National Dairy Show, and International Live Stock Exposition; and plans are already under way for even larger part in these events during the coming year.

Farm Mechanics

The Farm Shop course has won all the popularity that a new course could attain. This is, no doubt, due to the fact that the course is practical in every respect and fills the long felt need of farm boys by giving them the ability to do practically any work of a mechanical nature that a farmer will ever be called upon to do.

The work in this course consists of practical wood-working and carpentry, forging, welding and tempering of iron and steel; sheet metal and soldering, cement construction, leather work and repair, gasoline engine technique, painting and varnishing, rope tying, care and repair of farm machinery and many minor mechanical practices.

A small amount of inexpensive but adequate and practical equipment and a building remodeled for the purpose make conditions as favorable for this line as can be found anywhere.

Industrial Arts

This has been the year for a large growth of this department in the way of material equipment. Through the kindness of the School Board, a variety saw with mortising attachment, a planer, a lathe and a router have become a part of the shop's equipment. The last named article was the gift of Messrs. John and Charles Teeter.

Just how much good this additional machinery has done one can hardly know, unless he has to do without it awhile. With a small enrollment the Freshman boys have placed several new pieces of furniture in various parts of the building. Other students have constructed several articles of an advanced type.

Advanced students can get a start in the commercial field of drawing for an additional semester and can spend one semester doing a single project really worth while.

It is hoped that several more boys will realize the advantages that the present shop offers and choose Industrial Arts as a subject for work.

RENENSSALEAR-GIBSON PARTY

December 9 and 10, 1925, a snappy, peppy, musical comedy was presented by the Junior class with assistance from the Sophomores.

The Gibsons are preparing to entertain their relatives from Merrie England and some argument arises in the family as to what would be proper to put on the program. Should it be classical or peppy popular numbers?

Phyllis, Mr. Gibson, Ted, and Jack Reynolds favor popular while High Brow Carolyn and Mrs. Gibson favor the classical. The guests arrive and are taken care of to the best of Irish Molly's ability, but she does not please Mrs. Gibson. The party is going nicely when Mr. Gibson and his faction spring a surprise by introducing some popular numbers in the classical program. Mrs. Gibson objects, but her objections are overruled by the applause from the guests and everything ends happily. Irish wit and humor prevail throughout with Molly and Billy O'Lee in many mix-ups.

"WHEN A FELLER NEEDS A FRIEND"

Tom Denker, an amateur artist, and Bob Mills, a would-be magazine writer, trying to enter New York life, have reached the point where their furniture consists of soap boxes, their diet what they can steal from the dog's milk and the parrot's cracker, and where one suit between them makes up their wardrobe. Tom is expecting a visit from his uncle of Iowa and his aunt of Massachusetts, to whom he has lied glibly about being married. The complications that arise when Tom and Bob, assisted by their friend Jerry, attempt to borrow a wife for Tom to satisfy the visiting relatives, form the plot for an extremely comical production. One especial feature lending much to the theme of the play is the Rug of Truth. Anyone standing on the rug will invariably tell exactly what is in his mind, causing some very embarrassing situations for the players.
